The Users' Conference 2017 Recordings will be available as both an online class, as well as a downloadable MP3. These will be available in the order that they are received. We will place our order on June 16, 2014 (depending on compliance) and the recordings will start rolling off the production line shortly thereafter. We are offering a substantial discount to those of you who want to take advantage of our "early bird" discount.

Early Birds: \$795 plus S/H Audio Only: \$350 (digital download)
 Regular Price: \$949 plus S/H

In addition to these recordings, you will also get both a digital and a printed copy of all the conference materials. This includes the workbook, the slides, and any additional tools we go over.

Any one of these speakers could keynote at an industry event. But together in one place, these recordings are practically priceless.
